To the Honorable Board of Public Works

For the city of Fort Wayne, Ind.

Gentlemen:-

We, the undersigned, property owners, hereby respectfully petition your Honorable body to vacate that portion of Hurd street lying between Holton avenue and Thomas street, which has no direct connection east or west from the streets named, for the following reasons:

1st. - The Bowser Company have bought all of the property abutting said street on the south, and their Factory covers all the ground on the north side, and as they are going to erect shops on the said south property and as they must of necessity, put windows on the north side of said building, for air and light, the noise through the open street between the two buildings will be an annoyance to the people living east of the Factory, but if the street is vacated, then the Bowser Company agrees that the wall they will build along Holton avenue, next to which boiler riveting is to be done, will be solid brick, atleast, as high as the wall on the corner, which is about 25 feet high, and will be joined to said wall and run south without a door, window or any other opening in it, so as to protect all the people living east of their Factory as much as possible from the noise.

2nd. - We are pleased to inform your Honorable body that the Bowser Company have done much for this end of the city which is a benefit to each and everyone of us as neighbors, and in putting up their buildings, they have protected us as best they can, as a look at their buildings will show, and we wish them every convenience for carrying on their business, and in a way that will be as agreeable to all concerned as they can make it, which they will surely do if given a chance.

Therefore, we ask your Honorable body to please grant our petition as above stated, for which we will be very grateful to you.
